February 2020

Dear Waterman members,

The 2020-21 Town Hall series of luncheons/lectures will soon be upon us. The enclosed brochure describes the four knowledgeable and noted speakers that the committee has planned for the season.

Please note the two locations:

- October and November at Washtenaw Community College**
- April and May at the Michigan Union**

This one-year change is due to the planned renovation of the Morris Lawrence Building at WCC beginning in January 2021.

Our Waterman Group's primary mission is to support University of Michigan students. In the year ahead we will provide eight \$5000. scholarships for deserving U-M students. This is made possible because of your continuing support, the program advertisers, our endowment, and some special events.

Our Membership Committee will be meeting this summer to allocate table assignments. If you have a group seating request, we ask that you remit your group's membership forms and checks in one master envelope and send it to the Waterman post office box shown above. Membership forms and checks can also be given to membership Co-Chairs Mary and Gary McClusky at the upcoming April and May Town Hall luncheons.

As you know, we no longer issue paper tickets. Your table assignment will be communicated to you along with your membership information in early September via email.

Please visit the Waterman website www.watermanalumnae.org for more information or to download additional brochures for other potential members.

We look forward to seeing you at the 2020-21 season of the Town Hall series and at some of the Waterman social events.

On behalf of the many students we help, thank you!

**Ann Moln
President, 2019-2020**
